Flying

Winch Flying

The Millennium Centre has 32 winch operated fly bars each 10m in length. These have various safe working loads depending on use and are operated using a hand drill from the fly floor which make them impractical for use during a show.

Hemp Flying

In addition to the winch bars the Millennium Centre also has 6 hemp fly bars. These are operated from the stage left fly floor and have a safe working load of 150kgs.

Please email us directly for more information about flying.
